

Building on the **FOUNDATION**

a bold commitment to the future

www.rebuildupstate.org
PO Box 8693, Greenville, SC 29604

ABOUT THE BUILDING

Rebuild Upstate recently closed on a warehouse property in Easley, SC, the first land and building purchase in the organization's 18-year history.

The acquisition of a warehouse equips the team for growth and program expansion, including the purchase and storage of 10 metal ramps which will be used for short-term accessibility needs. In addition, the warehouse provides space to accept donations of materials, tools, and other critical program supplies.

This centrally-located warehouse facility will allow us to streamline our repair program, provide space to store building materials and in-kind donations, facilitate volunteer training, and ultimately bring lasting hope to more families in our community.

Building on the **FOUNDATION**

OUR BOLD COMMITTMENT TO THE FUTURE

At the heart of our mission is the belief that safe homes are the cornerstone of strong communities. As we look to the future, we are excited to announce a bold step toward expanding our ability to repair homes to safety with the purchase of a new warehouse facility. This 6,000-square-foot facility will serve as the foundation for growing our impact, enabling us to store, organize, and distribute essential tools and materials more efficiently.

With this new space, we can scale our operations, respond more swiftly to urgent repair needs, and provide volunteers with the resources they need to succeed. It's more than just a warehouse—it's a hub for building hope, restoring dignity, and empowering families. By investing in this facility, we are making a lasting commitment to the future of home repair, ensuring that we can continue serving our community for years to come.
